## ABOUT UNIVERSITY

The Tamil Nadu Physical Education and Sports University, established by an Act of the Government of Tamil Nadu in 2004, is unique and the first of its kind in India as an Affiliatory university, exclusively for physical education and sports. After obtaining the approval of His Excellency the President of India on 5th August 2005, the said act came into force with effect from 15th September 2005.

It is a rare coincidence that the university started functioning in December 2005, declared by the United Nations as the International Year for Sport and Physical Education. At present, the university has three faculties and five departments. Further, the university now offers select physical education and allied courses through regular mode and certain programmes through distance education stream.

## KNOW OUR LIBRARY

The University Library was established in 2007 and, until 2017, functioned in the temporary space provided in the administrative and academic blocks. During the year 2018, the University Library was housed in a two-story new building with a total carpet area of 6772 sq. ft. (629.11 sq. m.) located on the western side of the university campus. This university library is divided into the following sections: circulation, technical processing, reading hall, e-library, periodicals, stacks, and the thesis section. This university has subscribed to e-resources, namely databases, e-journals, and e-books pertaining to this university's research department. The University Central Library occupies an indispensable place in the Tamil Nadu Physical Education and Sports University, which enhances teaching, research, and development activities. It is a most lively department on campus, providing resources in a user-friendly environment to enable learning and the advancement of knowledge, and thereby discovering new insights in all the academic programmes offered at this university
