FEEDBACK ANALYSIS OF STAKE HOLDERS AND ACTION TAKEN REPORT

ACADEMIC YEAR 2020-2021

INTRODUCTION

Feedback is the essential determinant of the fulfillment of any educational institution. The institution accumulated the remarks on numerous aspects of curriculum from various departments in Tamil Nadu Physical Education and Sports University. Feedbacks have been collected from Students, Teachers, Alumni and Employers. It was analyzed using statistical techniques and given a valuable suggestions and recommendation for the development of curriculum, teaching and learning process.

STUDENTS FEEDBACK

The students are the most important stakeholders of Education systems. For the current academic year, five point scale feedback form on the curriculum has collected feedback from our students about various course of study. We have received student's feedback on the syllabus of the various programmes.

REPORT OF STUDENT'S FEEDBACK

- In 2020-21, the student's feedback pointed that 72% of the syllabus of the programmes were career oriented.
- 75% of the students given the opinion that the availability of books and library materials for their programme was below the rating good.
- The 66% of respondents insists that availability of internet facilities, ICT for online teaching and learning, up gradation of knowledge are excellent.
- The opportunity for the students to have Internship and field visit are extensive.
- Opportunities for out of classroom learning like attending lectures, seminar, workshop, value added course, conferences and competition are really very high.
- It was also revealed that there is a transparency in the assessment and evaluation procedure adopted in the departments.
- 67% of the respondents feel that the high levels of opportunities are available for the students to involve in Research Activities.
- Majority of the curriculum are prepared in such a way it is a mix of Theory and Practical oriented.

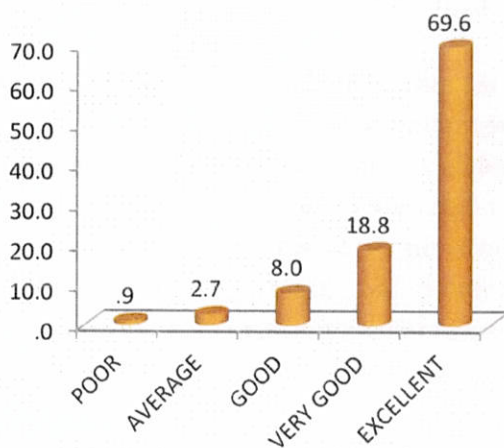

**THE SYLLABUS OF YOUR PROGRAMME
WAS CAREER ORIENTED**

**AVAILABILITY LIBRARY MATERIAL AND
FACILITIES FOR THE PROGRAMME**

SYLLABUS COVERED IN THE CLASS

**AVAILABILITY OF SPORTS AND
LABORATORY EQUIPMENTS**

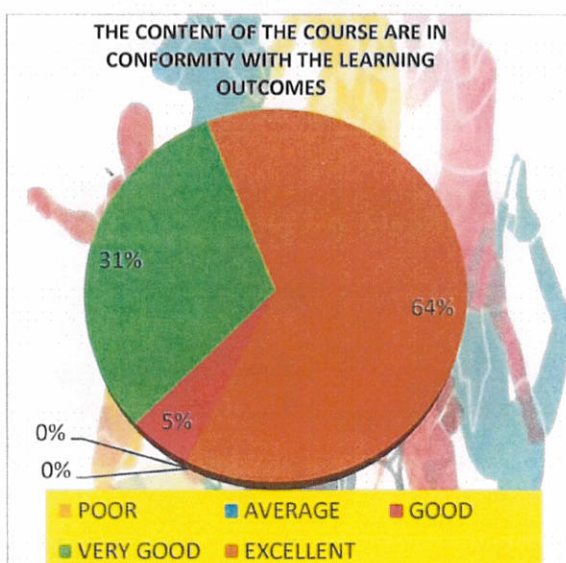

TEACHERS' FEEDBACK

As teachers play a pivotal role in designing and implementing the curriculum, the inputs received through their feedback was taken into consideration for further necessary action wherever applicable. Feedback on various aspects of curriculum was sought for 85 courses from faculty members of various departments of Tamil Nadu Physical Education and Sports University. Analysis of the faculty feedback for the year 2020-2021 brought about the following information.

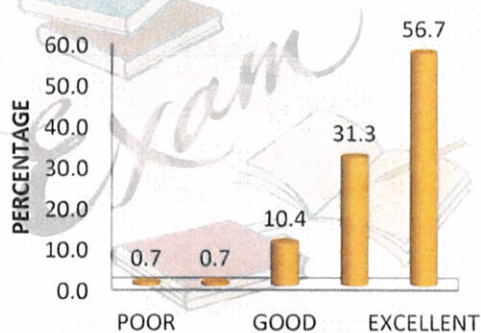

THE CURRICULUM BALANCES THE THEORETICAL AND PRACTICAL KNOWLEDGE

PEDAGOGY PROPOSED IN THE CURRICULUM MATCHES THE CONTENT

THE CONTENTS OF THE CURRICULUM ARE INTUNE WITH THE UGC-NET/CSIR EXAMINATIONS

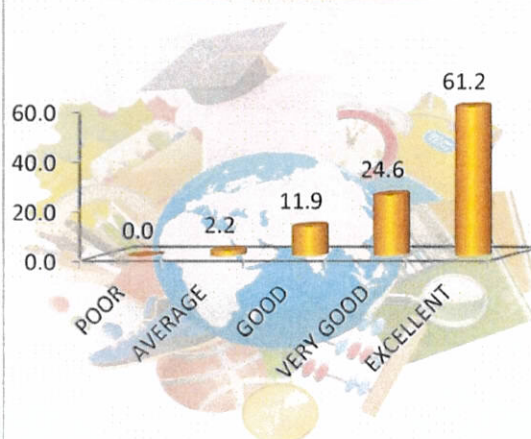

THE CURRICULUM HAS THE POTENTIAL IN DEVELOPING SELF-LEARNING HABIT

CURRICULUM DEVELOPMENT AS PLANNED ACTIVITY

THE LEARNING OUTCOMES OF THE CURRICULUM ARE OF GLOBAL STANDARD

Feedback analysis report

A curriculum is considered as the “heart” of any learning institution, which means that Universities cannot exist without a curriculum. Teacher’s feedbacks are very essential for improving the curriculum.

- The 69% of respondents said that curriculum developed as per the need of the students.

- It was clear that 66.4% of faculties say contents of the course have been presented from simple to complex form
- Most of the faculties have the opinion that curriculum provides opportunity for conducting research and project related activities for the students.
- The excellent opinion was given by 40% of the respondent regarding the course was balanced with the theoretical and practical knowledge.
- Majority of the teachers agreed that Pedagogy proposed in the curriculum matches the contents.
- The contents of the curriculum are in tune with the UGC_NET /CSIR examinations have improvement agreed by 56.7% of the faculties.
- The potential in developing the habit of self-learning among the students as reached 100%
- The existing curriculum development process and curriculum are of global standard in the improving stage was given by above 61.2% of the respondents.
- Only few teachers have opinion that the freedom to adopt new techniques/ educational tools/ strategies in teaching the course.

Alumni analysis feedback report

- Majority of them pointed to focus more on research based teaching, learning strategies to expose the students the latest development in research.
- Some of the faculties pointed that sufficient number of relevant reading materials and e-resources are not available in the University Library to deliver the course.
- Majority of respondents have the opinion that the student and alumni representatives are most important persons taken into account during curriculum revision.
- Majority of them pointed to focus more on research based teaching, learning strategies to expose the students the latest development in research.
- Library facilities must be augmented to meet the current requirement of the students to enable efficient learning.
- Research activities must be strengthened by conducting conference, seminar, workshop etc.
- Research quality may be enhanced by collaborative research with other institutions in India.
- Apart from regular teaching, social awareness and human values to be imparted to students.
- The career-oriented syllabus was quite helpful for them to find out an employment.

EMPLOYERS' FEEDBACK REPORT
