## **Leo Antony Maliekal, M.sc EPN, B.E, ISSA CFT (USA).**

I Am an Exercise Physiologist and Nutritionist and also the founder of High Definition Fitness Centre (Yoga & Gym).

I have completed my B.sc Exercise Physiology and Nutrition degree and my M.sc Exercise Physiology and Nutrition masters degree from Tamil Nadu Physical Education And Sports University from the year 2015 – 2018 And 2018 – 2020 respectively.

I secured University gold medal in my B.sc and secured second rank in my M.sc. I founded my gym, High Definition Fitness Centre in the year 2011. After completing my bachelor and masters degree in Exercise Physiology and Nutrition the course has opened my eyes on how exercise, nutrition, environment and various variables influence the human bodies in various ways. And the course has given me a deep knowledge and understanding of the human body.

In 2018 I got married to my wife Rumki Sarkar. She did her M.sc Yoga from the same Tamil Nadu Physical Education and Sports University. After marriage me and my wife have started yoga centre in the same place in 2018. And also extended a separate floor for Yoga centre above our gym centre. We are growing day by day by the grace of God and the blessings of my teachers.

Today we are a well established Fitness Centre in Madambakkam and a big land mark in our area. I really thank my professors (Dr. M. GRACE HELINA, Dr. P.K.SENTHILKUMAR and Dr.R.VENKATESAN) for guiding and educating me with the right knowledge and tools to support, grow, and develop my entrepreneurship. Also special thanks to them for developing a proper structured syllabus for Exercise Physiology and Nutrition that plays a key role in the development of all students career.

I also want to thank TNPESU and staffs for helping and guiding me directly and indirectly.

Thank you.
